Q&A's

Can I get a babysitter?

Some hotels offer babysitting services. Normally they will give you a list of local babysitters which you can call to arrange alternatively the concierge can organise this for you. Just ask.

Where can I stay with a family of 5 or more?

Due to fire safety regulations the maximum occupancy in Las Vegas hotel rooms is 4 people. If you have a family of 5 or more we suggest looking at hotels such as the Hilton Grand Vacations Club and Hilton Grand Vacations. At these properties it is more like an apartment/hotel which can accommodate large family groups. Alternatively you can ask for an interconnecting door between 2 rooms at the hotel.
